## Lemley, Tarpley and Johnson Are Winners

One incumbent was ousted in yesterday's runoff election here but all three races on the ballot were fairly close.

The most lopsided victory belonged to Municipal Judge W. K. Lemley who defeated John P. Vesey by an unofficial count of 683 to 491.

C. W. Tarpley retained his seat as alderman of Ward one barely edging Fred Robertson 589 to 491.

Incumbent Howard Byers, Ward 11 alderman, was ousted by Fred Johnson by a count of 620 to 533.

### 17 Ailing Prisoners Enroute Home

By JOSEPH FINNIGAN

TRAVIS AIR FORCE BASE, Calif., (UP) — Seventeen sick Americans freed from Communist prison camps returned home from Korea today on the first freedom flight since the armistice.

A C-54 military air transport service hospital plane bearing 14 seriously ill tuberculosis cases and three mental patients touched Travis Air Force Base 60 miles northeast of San Francisco at 8:41 a. m. PDT. (8:41 a. m. EDT).

The mental patients, described by the army as "quite restless," had restraining belts around their stretchers and their arms were strapped to their sides.

The ex-prisoners had begun their 6,000-mile flight in Tokyo Monday night, stopping at Midway Island to refuel and at Honolulu for a 19-hour rest. They took off from Honolulu at 3:40 p. m. (9:40 p. m. EDT) yesterday.

Their illnesses were considered so serious that military authorities decided to rush them home by air for immediate treatment. Three hundred and twenty-eight other freed Americans sailed from Inchon, Korea, yesterday aboard the troopship Gen. Nelson K. Walker.

All was in readiness at Travis for the arrival of the 17 emaciated ex-prisoners.

Voters in 10 Arkansas cities yesterday named candidates for mayors and aldermen in Democratic primaries. The party nomination often is tantamount to election in Arkansas.

One of the most hotly contested races was in Pine Bluff where retired grocer Office Lites Sr., defeated Wallace Steffey, former city building inspector. The vote: Lites, 4,157; Steffey, 2,004.

The complete unofficial vote of 6,615 was a record for a municipal election at Pine Bluff. The old record of 5,295 was set in the first primary two weeks ago.

Results of other races for mayor included:

Magnolia—Sam Crumpler, who was mayor of Magnolia for eight years before he was defeated two years ago, won over incumbent Ves Godley, 799 to 612.

Conway—Lion Oil Company agent M. M. Satterfield was chosen over R. C. Neal, 1,189 to 644.

Van Buren—Mayor Burton Lankford retained his job by defeating Dibley Johnson, 880 to 461.

Russellville—Farmer John Rankin turned back used car dealer Floyd Kinslow. The vote was 446 to 261.

Fayetteville—Former Washington County Clerk Roy Scott ousted incumbent Mayor Powell Rhea, 1,861 to 872.

Little Rock—Aubrey Kerr, unopposed.

North Little Rock—A. C. Perry, unopposed.

El Dorado—A. C. Neal, unopposed.

Marianna—W. L. Ward Jr., unopposed.

Here are the unofficial results of races for other city posts:

Little Rock—W. T. Hollis defeated M. Russell Martin for the alderman's seat left vacant by Kerr, the nominee for mayor. The vote: Hollis, 703; Martin, 541.

North Little Rock—Mrs. R.M.S. Butler garnered 2,243 votes against Mrs. Mary Ruth Morgan's 1,343 to win nomination for the city treasurer post.

In the alderman races: Joe Donnell defeated U. E. Moore, 696 to 283; John Massie defeated Charles E. Bahil, 488 to 459; Jack Usery defeated T. D. Curtis, 502 to 391; and Robert P. Kirsop defeated L. N. Robinson, 691 to 163.

Conway—Raymond L. Price defeated John W. McCracken for alderman, 454 to 357.

Hope—W. Kendall Lemley was nominated for municipal judge over John P. Vesey, 683 to 491.

Pine Bluff—Tuney Bailey defeated incumbent R. C. Cuttrell, 3,415 to 2,601 for first ward alderman; Jim McClellan Jr., defeated incumbent Guy Goodman, 3,685 to 2,373 for third ward alderman.

Van Buren—Henry Hink defeated E. E. McBridge, 219 to 195 for first ward alderman.

A \$275,000 bond issue to build a county general hospital was approved by Saline County voters, 1,876 to 257. A 2-mill tax increase to finance the bonds was approved 1,699 to 435.

## Dulles Is Skeptical of Red Claim

WASHINGTON (AP) — Secretary of State Dulles said today he accepts with some skepticism Russian Premier Malenkov's implied claim that Russia has mastered production of the hydrogen bomb.

Dulles told a news conference the United States has no independent evidence that Russia has the super-powerful bomb.

Specifically, he said, American authorities have not detected evidence of a hydrogen bomb explosion within the Soviet Union, either before or after Malenkov's surprise assertion Saturday.

Dulles said also that Malenkov's hydrogen bomb speech by implication confirmed the truth of Western charges that the Soviets have failed to give adequate return in consumer goods to the Russian people for their labor.

He said too, Malenkov's address showed Russian desperation has become so complete that the Soviet people had no knowledge or participation in the plans of their rulers.

## Sometimes It Takes a Real Tiny Baby to Teach Folks About the Facts of Life

By HAL BOYLE

NE YORK (AP) — A baby is the greatest teacher in the world. He starts where the big-domed professors and philosophers leave off. Socrates, one of the wisest men in history, used to get his students to think about life by asking questions.

A baby has Socrates beat all hollow. It simply puts its arms around you and you have the answer to life. . . and there are no questions or doubts left.

Even the Bible can't teach us as well as a baby. The Bible says you find your life by losing it and that it is more blessed to give than to receive. These are great words. . . but they are still only words to many people.

A baby doesn't say such things to you. But the blind trust one of these squirming bundles of help-

lessness places in you teaches you the Biblical truths more surely than would a thousand sermons.

The hand that rocks the cradle doesn't rule the world. It is run by the soft little tyrant in the bassinet, the autocrat in the cradle.

My wife and I after nearly 10 years of childless marriage, recently were given for time the care and feeding of an infant lady of five weeks.

She is variously known as "Madam X," "Little Jughead," "The Princess," and "The Fountain."

I must say that at first sight she looked like a 100-year-old toothless woman who had been sprinkled with magic powder and shrunk to the size of a shrimp. But in 15 days she has suddenly blossomed into a thing of beauty and a joy forever. She has everything Helen.

## France Is Paralyzed by General Strike

PARIS (AP) — New strikes were called today in the clothing and metal working industries and government offices of France. The country already is tied in knots by walkouts in travel and communications enterprises.

Three million workers, irked at the government's plans to balance its budget by trimming payrolls and upping the retirement age for civil servants, may be off the job tomorrow. About a million were striking today.

But multi-millionaire Premier Joseph Laniel showed no signs of abandoning his economy goals.

The Socialist Union, Force Ouvriere (RO) or Workers, Force issued the call for a 48-hour strike in government offices. The clerks walked out last week for 24 hours. The Communist-led General Confederation of Labor CGT probably will follow suit.

By JOHN RODERICK

PARIS (AP) — France's growing general strike pushed the nation deeper and deeper into chaos today with no end in sight, but multi-millionaire Premier Joseph Laniel stuck by his economy goals.

Furious at the government's plans to balance its budget by trimming payrolls and upping the retirement age for civil servants, more than a million railwaymen, miners and government workers kept up their indefinite walkout.

Railroads, mines, public utilities, government services, posts, telephone and telegraphs were all paralyzed or hit hard.

The Socialist Workers Force (FO) called on 850,000 white collar workers—doctors, dentists, lawyers and office employees—to join the strikers for 24 hours tomorrow.

Paris subways and buses halted late last night for 24 hours.

1,022 U. S.  
Prisoners Died  
in Red Camps

WASHINGTON (UP) — The armed services today began the task of notifying 1,022 American families that their sons or husbands died in Korean prison camps.

But even as the first telegrams were dispatched to next of kin, military officials expressed serious doubt that the Communist-supplied list of American POWs who died in captivity was accurate.

Combined with previous official fears that the Communists may secretly be holding back up to 3,000 American prisoners was the new fear that hundreds of American soldiers may have died as a result of Red atrocities.

The unreliability of the Red accounting was emphasized in the telegrams to next of kin. They were told only that the Communists had reported the death and that it could not be "verified."

The telegrams will go out in installments as rapidly as the military services can check the Communist list against their own information. Publication of the names will be withheld until 24 hours after the families have been notified.

Del Rio Hasn't Had  
Rain in Four Years

DEL RIO, Tex. (AP) — Texas ranchers say the government's drought relief program is helping, but they still settle for a good rain. Del Rio hasn't had a good rain in four years.

This area along the Texas-Mexico border used to have some of the richest ranching spreads in Texas. It was a country of fine horses, purebred stock and big towns. Now the ranchers rattle into town in dusty old pickup trucks asking for government help to save their foundation herds.

The government offered two kinds of emergency help for the drought area of the Southwest this summer—a livestock loan program with 5 per cent interest rate and three years to pay, and cut-rate feed for the cattle on the grass-lands. Local county committees handle and approve applications.

Partly reflecting the exchange of prisoners, there was an increase of 207 in the number of men previously reported missing or captured but returned to military control, a decrease of 35 in the number of missing and a decrease of 168 in the number captured.

## American Soldier Made Movie of Communist Atrocities But Betrayed by U. S.-British Rats

By OVID A. MARTIN

WASHINGTON (AP) — Next year's corn crop faces federal production controls, but they may be limited to voluntary acreage planting adjustments.

An Agriculture Department crop report yesterday forecast this year's corn crop at 3,330,418,000 bushels—a level which would put the supply of this livestock feed grain in a surplus level. In general, the biggest U. S. Crops since 1948 were forecast.

Secretary Benson, in commenting on the crop estimate, said it was his feeling that controls of some kind would be necessary. He already has invoked right marketing quotas on the 1954 wheat crop, and forecasts of this year's cotton crop indicate they may be necessary for the fiber crop next year.

Phone Strike  
Very Possible  
Says Union

ST. LOUIS, Mo. (UP) — CIO Communications Workers union leaders said today there was a "definite possibility" of a walkout against Southwestern Bell Telephone Co. as union negotiations with other telephone systems in the Midwest reached a critical stage.

Joseph A. Beirne, CWA president, announced in Washington last night that D. L. McCowen, union district director in St. Louis, has "full authority" to set a date for a strike.

Southwestern Bell and the union resume negotiations for a new contract today after four hours of futile discussion yesterday.

A strike would affect exchanges in Missouri, Kansas, Arkansas, Oklahoma, Texas and part of Illinois.

Arkansas To Be Affected

LITTLE ROCK (UP) — Officials of Southwestern Bell Telephone Co. in Arkansas today still were hopeful of reaching an agreement to avert a Southwest-wide strike of telephone workers.

The CIO Communications Workers yesterday authorized its 53,000 members in Texas, Oklahoma, Kansas, Arkansas, Missouri and Southern Illinois to strike. The actual strike date was to be fixed by CWA District Director D. L. McCowen in St. Louis, Mo., scene of negotiations.

Frank Lonergan, district CWA vice president, said at the bargaining session in St. Louis yesterday that the company so far has "refused" to make a new offer following rejection of the union's demand for a 7½ cents an hour pay boost. The company has offered 3½ cents.

Warren E. Bray, general manager of Southwestern Bell in Arkansas, said the company was continuing bargaining and that no 30-day notice had been given by either side, as required by contract.

U. S. Casualties  
Now 142,294

WASHINGTON (UP) — American battle casualties in Korea now total 142,294, an increase of 589 since last week's report, the Defense Department announced today.

The new figure is not a final toll for the Korean war. It is due to climb still higher in the weeks ahead, even though the war is ended, as casualty reports trickle into the Pentagon from the front.

The new goal includes 25,542 deaths, 103,513 wounded, 8,670 missing, 2,835 captured and 475 returned to military control.

The new weekly figure covering casualties whose next of kin were notified through last Friday, showed an increase of 108 deaths and 475 wounded over the prior week's report.

Partly reflecting the exchange of prisoners, there was an increase of 207 in the number of men previously reported missing or captured but returned to military control, a decrease of 35 in the number of missing and a decrease of 168 in the number captured.

Two More Escape  
at Tucker Prison

TUCKER PRISON FARM, Mo. — Two convicts bolted a work detail and dashed to freedom from Tucker State Prison Farm yesterday—just as five other prisoners did last Friday.

Officers pressed a search for the two fugitives today in the vicinity of the vast farm. The escapees were identified as Kenneth Edwards, 20, of Sallisaw, Okla., and Charles F. Moon, 33, of Corpus Christi, Tex.

The body of Vaughn, who had been shot five times, was kicked from the car near here at mid-afternoon Saturday, and nothing had been seen of Larson and Juellich—or Hightower, who was presumed to be their captive—until they were flushed in the woods today.

## Williams and Raborn Win Matches

Winners in last night's wrestling matches were Scotty Williams who took a couple of fast falls and Billy Raborn whose opponent was disqualified for leaving the ring.

A sparse crowd saw very little to yell about. The most excitement was created when Raborn's opponent, Buddy Farmer the nasty villain, took a plunge over the ropes, landing on his shoulder at the ring side. He apparently was shaken up and Raborn made quick work of him to take the second fall. The Farmer was disqualified.

Next week's card pair a couple of Negro women, one a champ.

## More Highway Contracts to Be Let

LITTLE ROCK (UP) — Arkansas Highway Department officials said today that a road construction contract letting tentatively set for Aug. 25 will be cancelled, but there would be some "large" contract awards during the remainder of this year.

Department spokesmen blamed delays in coordinating their program with the Federal Bureau of Public Roads officials for the cancellation. The action was disclosed at a news conference attended by Highway Director Herbert Eldridge, Highway Commissioner Dan Portis of Lepanto and Highway Engineer A. E. Johnson.

The department some time ago estimated it might have nearly \$3,000,000 ready for contract awards this month.

Johnson said the cancellation still will permit several large contract lettings scheduled this year. He also confirmed a United Press report last week that contract awards during the remainder of 1953 would total between \$6,000,000 and \$8,000,000.

The department officials also revealed that right-of-way agreements are coming in from Poinsett and Craighead counties for improvement of 21 miles of Highway 143. They would be the last of 12 counties to accept the commission's offer for construction priority where rights-of-way were furnished free to the state.

Portis said Craighead County Judge Ben Miller has a list of property owners who have agreed to donate the land for right-of-way purposes. The department's agreement with Miller would permit him to "back out if any of the property owners changed their minds," Portis said. He added that similar agreements are "coming in" from Poinsett county.

## Probers to Peek Into U. S. Printing

WASHINGTON (AP) — Chairman McCarthy (R-Wis.) said today the Senate investigations subcommittee will start public hearings next Monday to determine whether any Communists have access to secret documents published at the government printing plant.

He made the announcement after a closed door subcommittee session at which four unidentified witnesses were questioned.

McCarthy told newsmen the witnesses heard today were called at the request of the attorney "of the individual who has been charged with Communist activities."

McCarthy declined to identify the individual, but other sources have reported that he is an employee of the government printing office.

"The evidence so far," McCarthy said, "involves only one employee presently in the government." He added, however, that "evidence that will be developed during the week" will cover more than just one present federal employee.

He said the subcommittee will hold a number of closed door meetings during the remainder of the week in preparation for the hearings starting next Monday.

Sen. Dirksen (R-Ill.), the only other member of the subcommittee present, said it was planned to make "a rather complete exploration of secret material printed in various printing plants under the jurisdiction of the government and the extent to which that type of material might be accessible to persons who might want to use it against the government."

Bradley to Step Out of Army

WASHINGTON (AP) — General of the Army Omar N. Bradley's travels as top U. S. military officer — 140,000 miles and 272 times to the White House in four years — come to a halt Saturday.

That is the day Bradley, 60, gives up the chairmanship of the Joint Chiefs of Staff, which he held from the beginning of Western collective defense through the Korean War.

A five-star general never active, Bradley gives up all active military assignment. He will become chairman of the board of the Bulova Research and Development Laboratories, Inc.

## DOROTHY DIX

## Five Sisters

Dear Miss Dix: I am one of a family of five girls. I'm the eldest, and you should all benefit by this interchange of clothing, etc. There should be limits, however, and these are up to your mother to decide.

Dear Miss Dix: I had my wedding all planned, arrangements all made — then I found out. The man I was about to marry was already married and had four children. Just a few days before our wedding he called and told me he had a wife, but was getting a divorce. He said he hadn't told me because he hoped the matter would be over. Should I give him another chance? Should I continue to see him before his divorce is granted? R. E.

Answer: Why would you give him another chance? Just so he could hurt you more? I should think you had enough by now. Only a downright fool would even consider continuing with a man like this.

Dear Miss Dix: What is a subtle way of telling a boy you don't care for the way he dresses? I have been going with a boy for quite a while. The only thing wrong with him is that he's careless about his appearance. PERL L.

Answer: Take him window-shopping, point out the things in a man's clothing store that you think would look well on him, and casually mention the fact that you'd love to see him in some outfit. The hint may work; if not, less subtly is indicated.

Dear Miss Dix: Is two months acquaintance sufficient for love? Though we've known each other for that short a time, we know we are in love and plan to marry in a few weeks. ALINE M.

Answer: As you well know, love at first sight is a favorite theme

of poets and novelists. It happens in real life frequently enough to justify their enthusiasm, but not as often as young people think. Many a "love at first sight" romance winds up in limbo after a few months.

Perhaps you and your young man are really in love, but before taking on the finality of matrimony, better give your love a longer trial.

Nearly two-thirds of American farms keep dairy cows.

KEY MAN—William P. Bundy, Central Intelligence Agency official, may be the key figure in a showdown between President Eisenhower and Sen. Joseph McCarthy. McCarthy ordered a subpoena for Bundy in order to question him about his contribution to the Alger Hiss defense fund. The White House is opposed to the subpoena and the questioning of CIA officials for fear of divulging many security secrets.

## Controls on Cotton Are Expected

By PATRICIA WIGGINS

WASHINGTON, (UP) — The Agriculture Department seemed certain today to call for federal controls on cotton production the way it has in the case of wheat.

A spokesman said the department's estimate yesterday that this year's crop would hit 14,000,000 (M) bales "certainly points to enough cotton to call out quotas."

Wheat farmers are going to be pulled next Friday for the first time in 12 years to vote on the wheat quotas. If the government calls for controls on cotton, growers would take part in a similar referendum in December.

The department planned to issue its general crop report today and there was a chance a third

major crop — corn — might get shoved under quotas next year. In the Chicago grain market, there also was speculation that it would indicate a bigger winter wheat crop than expected. This was a factor in the seedling wave that hit the wheat market yesterday.

Another factor, experts said, was the chance that farmers will vote in Friday's referendum to abandon quotas on the 1954 crop and accept a cut in federal price supports of from 50 to 0 percent of parity.

Artificial Ice-Maker  
A Scotsman, Dr. William Culien, is credited with the invention of the first machine for the manufacture of artificial ice. Made in the 18th century, the machine was based on the vacuum principle, the air pressure being reduced by an air pump.

The cork oak will grow in 20 southern states of the United States. It takes 20 years before a cork oak grows to producing size and 40 before the bark is of good quality.

## An Expression of Appreciation

I desire to thank the people of Hope for having chosen me as Municipal Judge in the Primary Election held yesterday. I am deeply grateful and will continue to serve you to the best of my ability.

## AFL Likes the Change But Not Action

By NORMAN WALKER

CHICAGO (AP) — The labor law changes which the Eisenhower administration passed on Congress but never got around to recommending formally look pretty good to the AFL.

George Meany, president of the 10 million member American Labor Federation, told newsmen yesterday that the reported Eisenhower plan for changing the Taft-Hartley Act seemed to promise "a definite improvement."

A proposed message to Congress was circulated among key congressional leaders just before Congress adjourned, but Eisenhower never sent it formally as his views to Capitol Hill.

The message was considered most favorable to labor. It stirred protests among business organizations, which generally have been campaigning to leave the present labor relations act alone or to stiffen its provisions.

"If the reports about the draft message are true," Meany told newsmen, "I feel that twenty-first century labor law would be a definite improvement in the law. Of course, they don't meet all the AFL demands for changing the law."

Meany and other top AFL leaders are here for an AFL Executive Council session, a quarterly meeting largely devoted to recommending legislation for the AFL convention in St. Louis, starting Sept. 21.

Some of the AFL men said privately they believe the Eisenhower administration let the details of the proposed labor legislation slip out on purpose, and then just as purposefully arranged to have the message not delivered formally to Congress.

JOHN (AP) — Carpenter Law, Henry Hewitt, would pigeon shoot in the Idaho Senate chamber yesterday with an air rifle.

Two of the birds flew in through an open window five days ago. If adjourned, but Eisenhower never sent it formally as his views to Capitol Hill.

## Counterspies Circulate to Weed 'Rats'

By AL KAFF

FAYETTEVILLE (AP) — The first stage of a Liberated American program, aimed at weeding out traitors among them to ferret out the "rats" best on Communist-inspired sabotage in the United States.

Also on deck is the former prisoners, led at the shores of Korea for what they hoped was the last time, were about 1,000 regular troops going home on rotation.

The ten-week voyage to the United States was expected to be a tense and dramatic one.

For most of the Liberated Americans, many of whom had suffered in Communist prison camps for three years, the 11 days would be an eternity.

But for an unknown number of converted Communists, the Nelson Walker was "U.S.S. Troja Horse" and the trip stateside was the beginning of an assignment to work for a man named Malinikov.

Intelligence agents also were aboard in the guise of rotators, and the loyal Americans had pointed out the men who were returning to democracy to help destroy it.

The crew of the Nelson Walker had been alerted to watch for trouble as several returned prisoners vowed vengeance against the "rats" who accepted communism and became stool pigeons for their Chinese captors.

A navy spokesman said the Nelson Walker would reach San Francisco Aug. 24.

The men aboard were the first former prisoners freed in "Operation Big Switch" to leave for home by ship. A plane left Tokyo yesterday with 17 men too ill to travel by surface transportation.

On their last day within sight of the mainland, the men will regret that he fell and broke his hip and is in a Texarkana hospital.

## Longshoremen Divide on Quitting AFL

By NORMAN WALKER

CHICAGO (AP) — The beleaguered waterfront union, facing loss of its AFL affiliation, today was reportedly divided on just quitting the AFL, or stringing along and hoping for the best.

The 22-man Executive Board of the International Longshoremen's Association was reported almost evenly split.

Charges that the ILA is infiltrated with racketeers and hoodlums led the AFL's Executive Council to recommend yesterday that the ILA be suspended at the AFL's convention in St. Louis starting Sept. 21.

York stripped to his underwear and thumbed through a May issue of a national magazine.
